THE DEVELOPER

Our vision is to develop sites that have been closed to the public for decades and reconnect them to the community.

We want the places built by St William to be renowned for the quality of their landscape and the open space. The term 'landscape' comes from two words meaning 'to shape a place where people belong'.

The idea that inspires our approach is the space between buildings where you can create a community and somewhere that is sociable, sustainable and safe.

St William regenerate sites at the heart of communities across London and the South of England, creating homes for people to enjoy.
